

KJ-P260MGXXX

The **KOREJET™** photo papers are high quality Natural white resin-coated papers with microporous inkjet coating of the latest technology and a metallic gloss (pearlescent) texture. The papers feel instantly dry after printing and are resistant against smearing and water splashes. The prints feature high sharpness, neutral clear whites, brilliant colors and rich blacks.

Technical Specifications

Product Code	KJ-P260MGXX
Available Sizes	24" and 44" X30 Meter Roll- 3" Core
Product Name	Metallic Gloss
Surface Finish	Photo Gloss
Media Color	Natural White
Thickness	262µm (+/-5)
Weight	260gsm (+/-10)
Drying Behavior	Instant Dry
OBA Content	No
Opacity	High Opacity
Printer Compatibility	Canon, Epson, HP, Encad

Media Handling and Printing directions

Protect the paper from direct sunshine and moisture. In case you store the paper in a different room to the printer, allow for suitable adaption to the climatic conditions before opening the packaging, for at least 1 day preferably. Media which has been stored cold and is being used immediately may put on moisture or show excessive curl. Best printing results will be obtained at 23°C (73F) and 50% relative humidity. Avoid Touching on coated surface of the media all time. Apply paper interleaf between prints during staking.
