

Premium Glossy Photo Paper

KJ-P260PGXX

The **KOREJET™** photo papers are high quality bright white resin-coated papers with microporous inkjet coating of the latest technology and a semi-glossy lustre texture. The papers feel instantly dry after printing and are resistant against smearing and water splashes. The prints feature high sharpness, neutral clear whites, brilliant colors and rich blacks. The lustre surface avoids reflections and makes the prints more robust against fingerprints and scratches.

Technical Specifications

Product Code	KJ-P260PGXX

Drying Behavior	Instant Dry
Gloss (BYK) 60°	17% +/-5
Opacity	High Opacity
CIE Whiteness D65/10°	>135
Printer Compatibility	Canon, Epson, HP,

Media Handling and Printing directions

Protect the paper from direct sunshine and moisture. In case you store the paper in a different room to the printer, allow for suitable adaption to the climatic conditions before opening the packaging, for at least 1 day preferably. Media which has been stored cold and is being used immediately may put on moisture or show excessive curl. Best printing results will be obtained at 23°C (73F) and 50% relative humidity.
