Thickness	264µm (+/-7) 10.4 mil
Weight	210gsm (+/-7)
Drying Behavior	Instant Dry
Opacity	>96%
CIE Whiteness D65/10°	>100
Compatible Printers	Canon, Epson, HP, Encad

Media Handling and Printing Directions

Protect the paper from direct sunshine and moisture. In case you store the paper in a different room from the printer, allow for suitable adaptation to the climatic conditions before opening the packaging, for at least 1 day preferably. Media that has been stored cold and is being used immediately may pick up moisture or show excessive curl. Best printing results will be obtained at 23°C (73°F) and 50% relative humidity.
