Compatible Printers	Canon, Epson, HP, Encad

Media Handling and Printing Directions

Protect the paper from direct sunshine and moisture. In case you store the paper in a different room to the printer, allow for suitable adaption to the climatic conditions before opening the packaging, for at least 1 day preferably. Media which has been stored cold and is being used immediately may put on moisture or show excessive curl. Best printing results will be obtained at 23°C (73F) and 50% relative humidity.
